

# COUNT ME IN

## Let's show the world that we are united.

To kick off American Diabetes Month, show your solidarity, whether you have diabetes, you're supporting someone who has it, or you're a caregiver, health care provider, or friend. **Raise your voice, mark your fist, and share your image** on social media using **#CountMeInADA** and show the world that we are united. Can we count you in?
